ABOUT US

Globe Enterprises is a premier company in the field of building structures with steel and construction. Our specialization lies in the design, fabrication, and erection of pre-engineered steel buildings. We take pride in our diverse project portfolio, which encompasses factory structures, industrial facilities, warehouses, showrooms, commercial and trade centers, exhibition halls, and residential buildings.

Our expertise extends beyond steel, as we've successfully integrated pre-fabricated steel buildings with various civil works. From multi-storied buildings and power plants to poultry and dairy farms, feed mills, and auto rice mills, Globe Enterprises excels in delivering top-quality structures. We've left our mark in an array of sectors, from steel mills and hospitals to bridges, supermarkets, and more. At Globe Enterprises, our commitment to excellence ensures that every project is executed with precision and craftsmanship.
